The areas surrounding the hotel offer excellent opportunities for climbing and archery. Guests can also enjoy kayaking, uncover the secrets of an escape room together, or experience the thrill of zorbing.
To create memorable group experiences, we cooperate with experienced professionals who specialize in designing unique activity programmes.

Together, we organize corporate picnics, themed evenings, rally events, sports competitions, orienteering challenges, and many other forms of entertainment tailored to your group's needs.

Greenhouse Aries

An extraordinary meeting space filled with the scents of herbs and flowers.

Greenhouse ARIES was created from a desire to share experiences through taste and aroma. We believe that food and wine have the power to evoke emotions and create lasting memories that we wish to revisit.

The greenhouse is located in the gardens of ARIES Hotel & Spa Wisła, in a picturesque setting right by the Vistula River, surrounded by the greenery of majestic larch trees.
